AI advisor: insights & suggestions

Summary

You spent **9,498.00 MAD** against **14,500.00 MAD** of income, keeping **5,002.00 MAD**: a savings rate of **34.5%**. That's above the 20% benchmark, so you're in great shape.

What went well

- **Housing** is your largest category (42%) and it's a predictable fixed cost.
- You stayed comfortably within your **Overall** budget (83% used).
- You logged your expenses consistently, which is the #1 habit of people who save more.

Where you can cut

- **Transport** went over budget: 1,652.00 MAD vs a 900.00 MAD limit.
- **Restaurants & Cafés** is your biggest want (732.00 MAD). Trimming it by 15% frees **109.80 MAD** a month.

Action plan for next month

- 1. Move your savings to a separate account **on payday**: pay yourself first.
- 2. Cap Restaurants & Cafés with a weekly allowance instead of a monthly one.
- 3. Use the 24-hour rule before any non-essential purchase above 500 MAD.
- 4. Review subscriptions this weekend and cancel one you don't use.
